

Blast Chillers & Shock Freezers

THE EASIEST CONTROLLER TO USE AND PROGRAM!

Soft Chill
FOR DELICATE ITEMS

Lower fan speed for delicate items like leafy greens, soups and pastries.

Hard Chill
FOR HEARTY ITEMS AND PROTEINS

Full fan speed and low temperature for dense items like meats or beans

Shock Freeze
QUICKLY FREEZE FOOD PRODUCTS

Fast freezing down to 0°F, perfect for any item that needs to freeze quickly.

Quick Start
HARD CHILL | MANUAL MODE

One touch preprogrammed quick start function. Push one button, and off you go.

Food Thaw	Sanitize	Coil Defrost
Reports	Heated Probe	Settings

Additional options like thaw cycle, sanitize (cabinet only), manual coil defrost, HACCP reports, heated probes and more all available on screen. Add on the available wi-fi adapter and be able to get this info remotely.
