

## LABOR/SERVICE WARRANTY ON REFRIGERATION SYSTEMS

### PRE-CHARGED REFRIGERATION SYSTEMS

Ninety (90) day labor/service is provided as standard on all pre-charged refrigeration equipment including top quick connect and remote quick connect systems. For specific details related to this ninety (90) day labor/service warranty, consult your list of warranty statements or contact the factory for further information.

American Panel encourages the purchase of an optional one-year labor/service warranty on all pre-charged refrigeration systems supplied by our company as it allows peace-of-mind for the end user of the product and eliminates confusion related to owner/contractor/dealer/manufacturer responsibilities pertaining to service and warranty issues. For pricing this optional one (1) year labor/service warranty consult the chart below.

AMERICAN PANEL ONE-YEAR (ADDITIONAL NINE MONTH) LABOR SERVICE WARRANTY ON PRE-CHARGED REFRIGERATION SYSTEMS	
Refrigeration Horsepower (Medium and Low Temp.)	Net Selling Cost
1/3, 1/2, 3/4, and 1	\$150.00
1 3/4, 2, 2 1/4, and 2 1/2	\$225.00
3, 3 1/2 and 4	\$300.00

### REMOTE AND PRE-ASSEMBLE REMOTE REFRIGERATION SYSTEMS

Note: We further recommend that a one year labor/service warranty similar to the above be purchased from the refrigeration installer for all projects utilizing remote and pre-assembled remote refrigeration systems requiring electrical inter-wiring or refrigerant piping.
